# WATERMELON COVER UP

**Prep:** Print. You can laminate or slip into write and wipe pockets for added durability. You can also skip the lamination and use dot stickers on the page.

## How to use:

1. Students will roll an alphabet dice, choose an alphabet bead from a container, choose a beginning sound picture from a bag or any other option you can think of.
2. Then they will cover a matching spot on the page with a button or dot sticker.

# How to Begin:

## Instructions:

1. Type 1 word into each of the boxes below, for a total of 12 words. The words will automatically be plugged into all of the games throughout the PDF.
2. If you want to change the instructions on any of the pages, just click on the blue box and change them to anything you want.
3. To do this for additional sets of words, just save the file with a different file name. For example, the first one will be "Sight Word Activities - List 1" and the next "Sight Word Activities - List 2" and so on.

## Having problems?

Make sure you are opening the file with Adobe Reader. If you aren't, you will have issues with the formatting.
